Integrated masonry + landscape products for over 150 years.

At Brampton Brick, we challenge ourselves to see things through our customers' eyes. We focus on processes that make a positive impact from production, right through to the end-user. We aim to simplify.

Our customers have told us that they need a trusted, single source for high-quality, durable, attractive, and unified product lines. They need a continuous harmony of textures, colours, and modular sizes that make designing perfectly coordinated living and commercial spaces easy. Brampton Brick Limited, collectively, Brampton Brick and Oaks Landscape Products (Oaks) brands, has forged a reputation as an integrated masonry and landscape products manufacturer. It's the trust our customers place in us that keeps us focused on our goals: To be that single source for quality, durability and long-lasting style, and to lead the way in innovation, affordability and lifetime satisfaction.

Thank you for making us your **ONE Trusted Source**.

DESIGN CONSIDERATIONS

Choosing a Texture

Brampton Brick masonry products are developed to work together in both colour and texture. When choosing your material, it is interesting to consider the effect of texture as well as colour on the overall appearance of the structure. In the following pages, we have compiled several combinations designed to inspire your creativity.

EMBOSSED TEXTURE

Added visual appeal and a more natural texture make this a popular choice for exterior masonry veneer.

Embossed brick products included:

Legacy Series
Vivace Brick

Embossed stone products included:

Artiste 2
Granada
Vivace

SMOOTH TEXTURE

The even surface of the smooth texture is attractive and gentle to the touch, but retains the durability you would expect.

Smooth brick products included:

Contempo Brick
Contemporary Series
Dorset

Smooth stone products included:

Bonneville
Contempo
Preston
